SU Center for Qualified Cyber Security Excellence & Mastery
SU Qualified/ Cyber Security Professional Pathways

Welcome to SU's Q/ISP, Q/IAP, Q/WP, Q/SSE, Q/CND Qualified Cyber Security Certificate Programs of Mastery and Cyber Pathways. Here students have up to 7 yrs complete a SU Qualified/ Cyber Security Certificate Program or shorter pathway to upskill and earn cyber security credentials that lead to high wage in-demand cyber careers. SU is SCHEV Approved Vocational Non-College Degree [NCD] Cyber Security Certificate Programs, instructor-led face-to-face with live labs. SU builds the Super Qualified Cyber Security Workforce.

SU Qualified/ Cyber Security Professional Certificate Pathways 2025-2026 www.securityuniversity.net

Building the Super Qualified Workforce, Qualified Matters.

Program Structure & Tuition Class fee excludes exam fee* - exams are required to graduate	Course Hours	Tuition
SU Q/ISP® Qualified/ Information Security Professional Certificate Program of Mastery * This is the fixed cost of the Q/ISP program w/exams for a 24 -36 month structure program	520 hrs	Program $39,500*
SU Q/IAP® Qualified/ Information Assurance Professional Certificate Program of Mastery * This is the fixed cost of the entire program w/exam for a 24-36 month structured program.	520 hrs	Program $39,500*
SU Q/WP® Qualified/ Wireless Professional Certificate Program of Mastery * This is the fixed cost of the entire program w/exams for a 24-36 month structured program.	520 hrs	Program $39,500*
SU Q/SSE® Qualified/ Software Security Expert Certificate Program of Mastery * This is the fixed cost of the entire program w/exams for a 24-36 month structured program.	520 hrs	Program $39,500*
Q/CND® Qualified/ Cyber Network Defense Professional Certificate Program of Mastery * This is the fixed cost of the entire program w/exam for a 24-36 month structured program.	520 hrs	Program $39,500*
Program Structure & Tuition Exams included in class fee and required to graduate	Course Hours	Retail Costs

SU Q/CSP® Qualified/ Cyber Security Professional Pathway IAT II

SU Cyber Pathways Vocational Objectives - The purpose of the IAT II pathways is to ensure that IT professionals working in industry, government and military positions have a specific level of cyber training and expertise, essential skills and knowledge required to excel in the field of cybersecurity. Creating a strong standard to help protect state secrets and other sensitive information not readily available to the public. Level II: establishes network environment information assurance proficiency. Level III: comprises enclave, advanced network and computer information assurance proficiency. This pathway includes CompTIA Security+, SecurityX, Qualified Ethical Hacker (Q/EH) and Certified Information Systems Security Professional (CISSP) and more. Understanding advanced cybersecurity principles and best practices to protect information systems. Implementing robust security measures to safeguard networks, devices, and data from sophisticated cyber threats. Understand testing tools used in security assessments and audits to identify vulnerabilities, a process and methodology for cyber analysis - and how to write the report, and remediate. Applying testing tools methodologies on live systems to test and secure systems, write security policies and procedures ensuring regulatory compliance and industry standards.
Target Roles: Cyber Warrior, IT Security Specialist, Security Operations Center (SOC) Analyst, Ethical Hacker, Cybersecurity Consultant

CODE	Course	Hours	Tuition
Q/CSP I	SU Security+® CompTIA Certification Class w/exam [IAT II & Cyber Employ Pathway]	40	$3,490
Q/CSP I	SU SecurityX® - [formerly CASP] Certification Class w/exam	40	$3,990
	Total:	80	$7,480
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/CSP II	SU Security+® CompTIA Certification Class w/exam [IAT/IAM III Cyber Employ Pathway]	40	$3,490

Q/CSP II	SU SecurityX® - [formerly CASP] Certification Class w/exam	40	$3,990
Q/CSP II	SU CISSP® Certified Information Security Systems Professional Class*	40	$3,990
Q/CSP II	Linux/UNIX® Security Certification Class w/exam	40	$3,990
Q/CSP II	Q/EH® Qualified/ Ethical Hacker Certification Class w/exam	40	$3,990
	Total:	200	$15,460
	Books & Supplies: There are no charges for books and supplies for the pathway.**Certification Exams:** Included in class fee		
Q/CSP III	SU SecurityX® - [formerly CASP] Certification Class w/exam	40	$3,990
Q/CSP III	Linux/UNIX® Security Certification Class w/exam	40	$3,990
Q/CSP III	Q/EH® Qualified/ Ethical Hacker Certification Class w/exam	40	$3,990
Q/CSP III	Q/SA® [CySA] Qualified/ Security Analyst Certification Class w/exam	40	$3,990
Q/CSP III	Q/PTL® Qualified/ Penetration Tester License Workshop	40	$3,990
Q/CSP III	CompTIA [CySA] Security Analyst Certification Class w/exam	40	$3,990
Q/CSP III	Q/PTL® Qualified/ Penetration Tester License Practicum	40	$3,900
	Total:	280	$31,420
	Books & Supplies: There are no charges for books and supplies for the pathway.**Certification Exams:** Included in class fee		
Q/CSP IV	Q/ND® Qualified/ Network Defender Certification Class w/exam	40	$3,990
Q/CSP IV	Q/FE® Qualified/ Forensic Expert Certification Class w/exam	40	$3,990
Q/CSP IV	Q/ND® Qualified/ Network Defender Certification Practicum	40	$3,990
Q/CSP IV	Q/FE® Qualified/ Forensic Expert Certification Class Practicum	40	$3,990
Q/CSP IV	Cloud Computing Security Knowledge Certification Class w/exam	40	$3,990
	Total:	200	$15,960
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		

SU Q/IAP® Qualified/ Information Assurance Professional Pathway IAM II

IAM Level II Information Assurance Management certifications are typically only for higher-level management professionals. These certifications focus on security, but train candidates to learn to manage information assurance teams and master cyber or information security practices, basic security concepts, risk management frameworks, security policies, compliance, Incident response and management , endpoint security measures. **Target Roles:** Enterprise Architect, Executive Cyber leader, Cyber Analyst, IT Cyber Security Specialist, Security Ops (SOC) Analyst, Ethical Hacker, Cybersecurity

CODE	Course	Hours	Tuition
Q/IAP I	SU Security+® CompTIA Certification Class w/exam	40	$3,490
Q/IAP I	SU CISSP® ISC2® Certified Information Security Systems Professional Class*	40	$3,990
Q/IAP I	SU CISM® Certified Information Security Manager Certification Class* or	40	$3,990
	SU CISA® Certified Information Security Auditor Certification Class*		
	Total:	120	$15,465
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/IAP II	SU Security+® CompTIA Certification Class w/exam	40	$3,490
Q/IAP II	SU CISSP® ISC2® Certified Information Security Systems Professional Class* **or** CISM	40	$3,990
Q/IAP II	SU CISM® Certified Information Security Manager Certification Class*	40	$3,990
Q/IAP II	SU SecurityX® - [formerly CASP] Certification Class w/exam	40	$3,990
Q/IAP II	Q/AAP Qualified Access, Authentication and PKI Professional Class w/exam	40	$3,990
Q/IAP II	Q/NSP® Qualified/ Network Security Policy Administrator Certification Class w/exam	40	$3,990
Q/IAP II	Q/CA CMMC Cyber Security Maturity Model Certification Class w/exam	40	$3,990
	Total:	280	$23,940
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/IAPIII	ITIL V4 Certification Class w/exam	40	$3,990
Q/IAP III	Certified ISO 27001 SU ISMS® Lead Auditor Cert Class w/exam	40	$3,990
Q/IAP III	Certified ISO 27001 SU ISMS® Lead Implementer Certification Class w/exam	40	$3,990
	Total:	120	$11,470
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/IAP IV	SU Security+® CompTIA Certification Class w/exam	40	$3,490
Q/IAP IV	Q/CA CMMC Cyber Security Maturity Model Certification Class w/exam	40	$3,990
Q/IAP IV	SU CMMC Cyber Security Maturity Model Practicum	40	$3,990
Q/IAP IV	PMP Project Manager Professional Certification Class w/exam voucher	40	$3,990
Q/IAP IV	Q/ISO Qualified/ Chief Information Security Officer Certification Class w/exam	40	$3,990
	Total:	200	$19,450
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		

SU Q/WP® Qualified/ Wireless Professional Pathways IAT II

SU's Q/WP, I & II wireless pathway Q/WP Qualified/ Wireless Cyber Security Certificate Pathway is to educate security professionals in the technology of wireless infrastructures, [WLAN] products to design, deploy, secure and manage complex wireless connections securely. Understanding fundamental networking concepts and best practices to manage and troubleshoot wireless and network infrastructure. Implementing robust security measures to protect wireless networks from cyber threats. Configure and managing wireless devices to mitigate

cyber risk. Applying advanced wireless networking techniques to design and deploy secure wireless networks, assessments and audits to identify vulnerabilities and risk. **Target Roles:** Wireless Network Engineer, Space Operations Admin, IT Security Specialist, Wireless Consultant

CODE	Course	Hours	Tuition
Q/WP I	SU Security+® CompTIA Certification Class w/exam	40	$3,490
Q/WP I	SU SecurityX®- [formerly CASP] Certification Class w/exam	40	$3,990
Q/WP I	Q/WP®/ Q/WSP® Qualified Wireless & Wireless Security Professional Cert Classes w/exams	80	$6,990
	Total:	160	$14,470
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/WP I	Q/WP® Qualified/ Wireless Professional Cert Class w/exam	40	$3,990
Q/WP I	Q/WSP® Qualified/ Wireless Security Professional Certification Class w/exam	40	$3,990
Q/WP I	Q/WAD® Qualified/ Wireless Analyst & Defender Certification Class w/exam	40	$3,990
Q/WP I	Q/WAD® Qualified/ Wireless Analyst & Defender Practicum	40	$3,990
	Total:	160	$15,960
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/WP II	PMP Project Manager Professional Certification Class w/exam voucher	40	$3,990
Q/WP II	Q/WLANPD Qualified/ Wireless Local Area Network Planning and Design Class w/exam	40	$3,990
Q/WP II	Q/WLANPD Qualified/ Wireless Local Area Network Planning and Design Practicum	40	$3,990
Q/WP II	Q/WNST Qualified/ Wireless Network and IoT Security Testing Class w/exam	40	$3,990
Q/WP II	Q/WDNO Qualified/ Wireless Deceptive Network Optimization Class w/exam	40	$3,990
	Total:	200	$19,950
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		

SU Q/SSE® Qualified/ Software Security Expert Certificate Pathways IAM III

The mission is to know and secure coding techniques to minimize adverse threats or other malicious hacker attacks on code. Understand best practices to support and troubleshoot secure code. Implement best practices to ensure secure connectivity and performance. Applying security measures to protect IT systems, software and data from cyber threats. Target Roles: IT Systems support, Network Administrator, IT Security Specialist. DevSecOPs specialist, Secure Software Assessor, Software Security Developer

CODE	Course	Hours	Tuition
Q/SSE I	SU Security+® CompTIA Certification Class w/exam	40	$3,490
Q/SSE I	Q/SSE® Qualified/ Software Security Expert Cert Class w/exam	40	$3,990
Q/SSE I	Fundamentals of Secure Software Programming Certification Class w/exam	40	$3,990
Q/SSE I	How to Break & FIX Web Security Certification Class w/exam	40	$3,990
Q/SSE I	How to Break & FIX Software Security Certification Class w/exam	40	$3,990
Q/SSE I	Q/STBP® Qualified/ Software Tester Best Practices Certification Class w/exam	40	$3,990
	Total:	240	$23,940
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/SSE II	Q/SSPT® Qualified/ Software Security PenTester Cert Class w/exam	40	$3,990
Q/SSE II	Q/STP® Qualified Software Testing Professional Certification Class w/exam	40	$3,990
Q/SSE II	Q/SH/D® Qualified/ Software Hacker / Defender Certification Class w/exam	40	$3,990
Q/SSE II	Introduction to Reverse Engineering Certification Class w/exam	40	$3,990
	Total:	160	$15,960
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		
Q/SSE III	Q/SSE® Qualified/ Software Security Expert Practicum	40	$3,990
Q/SSE III	Introduction to Reverse Engineering Practicum	40	$3,990
Q/SSE III	Q/SH/D® Qualified/ Software Hacker / Defender Practicum	40	$3,990
	Total:	216	$11,470
	Books & Supplies: There are no charges for books and supplies for the pathway. **Certification Exams:** Included in class fee		

Q/CND® Qualified/ Cyber Network Defense Professional Pathways IAT III

The mission is to master defensive scenarios to protect your networks from adversarial threats. Vocational Objectives - The purpose of the IAT II pathways is to ensure that IT professionals working in industry, government and military positions have a specific level of cyber training and expertise, essential skills and knowledge required to excel in the field of cybersecurity. Level III: comprises enclave, advanced network and computer information assurance proficiency. This training pathway is for those who seek qualified cyber network defense, cyber ops and threat attack careers, understand advanced cybersecurity threat engagement and principles and best practices to protect information systems. Implement robust security measures to safeguard networks, devices, and data from sophisticated cyber threats. Conduct thorough security assessments and audits to identify vulnerabilities and recommend mitigation. Apply testing tools and hacking techniques to secure systems. Managing and oversee security policies and procedures to ensure compliance with industry standards and regulations. **Target Roles**: Cyber Analyst, IT Cyber Security Specialist, Security Operations Center (SOC) Analyst, Ethical Hacker, Cybersecurity Consultant, Exploitation Analyst, Cyber Space Operations, Information Systems Security Manager, Systems Test and Eval Specialist, Vulnerability Analyst.

Credits Hours for Prior Learning - (CHPL) policy honors the service, experience, and certifications of our nation's veterans and their dependents. SU allows students to earn up to 75% of the program through prior learning. SU reduces unnecessary duplication, accelerates time to credential completion, and eliminates costs for coursework already mastered that leads to high wage in-demand cyber employment.

NON-STANDARD TERM DEFENITION AND CREDIT FOR PRIOR LEARNING

SU classes are non-standard term [shorter than a standard quarter or semester]. The number of hours a student attends class is measured. SU embraces credit for prior learning. Students enroll in a 520 hour program of 10 classes and 3 practicals. Students should complete 2-3 classes each year in years 1-3, and complete one class in years 4-7.
