## Experience

### **Agility Consulting International - Chief Cyber Officer**

*Indianapolis, IN*  
09/2023 - Current

Led developed and implemented strategies, solved problems independently and collaboratively, coordinated cross-functional projects, and drafted technical proposals with subject matter experts in the pursuit of and fulfillment of U.S. Government contracts. (*DoD SkillBridge Program*)

### **531st Intelligence Squadron - Senior Enlisted Leader**

*San Antonio, TX*  
10/2022 - 12/2023

Managed the operations and support of a 264-personnel team, delivering comprehensive IT, intelligence, security, and logistical support. The role encompassed serving over 50,000 joint-service personnel spread across more than 600 global locations.

- Oversaw administration and development of Computer Network Operations. Established a Security Watch Officer team, synchronized 10 Cyber sections, with a \$1.5 billion system to optimize over 10,000 cyber engagements.
- Strategically restructured organizational framework, developed training, and aligned positions with DCWF work roles and assignments to effectively support evolving cyber missions across six NSA directorates.
- Led in-depth organizational analysis, implemented strategic schedule and job rotation changes, resulted in a 23.7% increase in operational effectiveness while simultaneously boosting employee satisfaction.

### **747th Cyberspace Squadron - Senior Enlisted Leader**

*Honolulu, HI*  
08/2021 - 10/2022

Senior IT Portfolio Manager, led 176 DoD personnel, 548 contractors, and support staff, coordinating with various DoD units, government agencies, and civilian entities. Managed 24/7 operations and maintenance of a \$120 million network, and 219 projects across Joint-Base Pearl-Harbor-Hickam and 16 geographically separated locations.

- Shaped base's cyber defense strategy, collaborated with operational mission owners, conducted key cyber terrain mapping, and aligned cyber defense resources with strategic priorities. Enabled the USAF's first real-time onboard C-17 cyber defense mission.

- Certified Scaled Agile Framework (SAFe) Certifications - Lean Portfolio Manager (**LPM**); SAFe Program Consultant (SPC); Agile Product Manager (APM); SAFe Government Practitioner (SGP), 10/2021, 04/2024
- Advanced Deliberate & Crisis Action Planning, US Air Force, 02/2020
- Professional Scrum Master-1 (PSM-1), Scrum.org, 02/2020
- IT Information Library Foundations Certification (**ITIL**), PeopleCert, 01/2019
- Certified in Risk and Information Systems Control (CRISC), ISACA, Projected March 2024

- Managed DISA Technical Control Facility and Base's Communication Focal Point, implemented ITIL Service Desk best practices, training and automated processes. Reduced ticket closure time from 12 to 2 days and cut the backlog by 79%, closed over 1,500 work orders and enhanced efficiency and response.
- Drove cybersecurity; directed STIGs, ATO, ATC processes, network patching, and priority matrix for 2,000 vulnerabilities. Implemented controls, upheld security standards, and enhanced resilience. Garnered base's highest-ever rating in Command Cyber Readiness Inspection.

#### **U.S. Pacific Air Forces Headquarters – A6 Senior Enlisted Leader**

*Honolulu, HI*

*10/2019 - 08/2021*

Oversaw Command, Control, Communications, Computer, & Cyber (C5) strategy development for an Air Force Major Command, including Operational Planning, Contingency Planning, Strategy Support Plans and IT/cyber defense planning for a \$320 million portfolio.

- Led and organized Cyber Engagement Summits with allied and partner nations across the Indo-Pacific region, fostering international collaboration through the exchange of best practices, showcasing capabilities, and coordinating joint cyber exercises.
- Selected for PACAF Battle Staff and Combat Working Groups; coordinated and sourced Cyber Forces to support and defend during exercises and real-world operations across the Indo-Pacific. Developed and implemented METs, CONEMPs, Measures of Performance, Measures of Effectiveness, COAs, and cyber packages for the Joint Force Air Component Commander and the Combatant Command.
- Oversaw \$49-million ABMS DeviceOne SecureView (ADSV) program; guided development, testing & deployment. Delivered Cross-Domain Access Solution, mobile classified command & control system and enhanced operational efficiency of 80 Air Force Wings.

#### **611th Air Communications Squadron - Senior Enlisted Leader**

*Anchorage, AK*

*09/2017 - 10/2019*

Led 58 US and Canadian personnel across 11 specialties, delivered IT, communications, and cyber capabilities to 21 strategic locations Served as Senior IT/Cyber portfolio manager with oversight on \$800M in contracts.

- Briefed Senate, Congressional, and civil leaders on DoD initiatives, advocated and secured Federal & State funding; forged partnerships with outside agencies, enhanced interoperability and efficiency in communication and security programs across Alaska.
- Oversaw the development and planning of cyber strategy, aligned 11th Air Force, Pacific Regional Support Center, and 611th Air Operations Center's cyber capabilities to support strategy and priorities of Indo-Pacific Command, Alaska NORAD Region (ANR), and Alaska Command (ALCOM).
- Briefed Senate, Congressional, and civil leaders on DoD initiatives, advocated and secured Federal & State funding; forged partnerships with outside agencies,

enhanced interoperability and efficiency in communication and security programs across Alaska.

- Site Manager of a remote air station, directed 206 military/contractors and operations; modernized site infrastructure/support capabilities for air, naval, and ballistic missile defense missions to meet U.S. Arctic Strategy milestones.

### **673 Communications Squadron - Operations Flight Superintendent**

*Anchorage, AK*

*08/2016 - 09/2017*

Led 176 military and civilian employees across 15 career specialties in the planning, operations, and sustainment of \$170-million in communication and cyber systems, providing vital services for over 16,000 global customers.

- Restructured AF Communications Squadron, established a new Cyber Defense Flight and organic Mission Defense Team. Fielded 2 CVA/H Weapon Systems; conducted cyber terrain mapping for JBER's F-22 mission defense
- Assembled joint communication team; engineered the 1st-ever solution for Marine Corps Enterprise Network reach-back through the Air Force Network. Process benchmarked by both USAF and USMC, enabled critical F-35 maintenance connectivity with home stations and enhanced joint operations capability.

### **673rd Communications Squadron - Senior Cyber Quality Assurance Manager**

*Anchorage, AK*

*08/2014 - 08/2016*

Senior Quality Assurance Manager, responsible for conducting training and proficiency evaluations on 227 personnel, inspections across a \$125-million IT portfolio, and ensuring compliance of 217 DoD programs. Performed spot and project acceptance inspections and analyzed data to identify risk and trends.

- Led overhaul of 118 programs, enhanced operational efficiency, elevated compliance from 82% to 94%. Streamlined processes, which led to the reduction of 99 man-hours per year through more efficient labor utilization.

### **100 Communications Squadron - Senior IT Project Manager**

*RAF Mildenhall, England*

*10/2011 - 07/2014*

Led the Plans, Programs, Projects and Resources division. Developed system procedures, policies, and budget proposals for a \$56 million network supporting 5,500 users. Administered base IT plans management programs crucial for wing wartime and peacetime execution. Prioritized and collaborated funds and timelines for \$27 million in base IT requirements.

- Planned & developed telecommunications systems procedures, policies and techniques, prepared budget estimates and project planning packages.
- Monitored contractor performance/services; liaison between contractors and Department of Defense on high-value telecom systems.

### **100th Air Refueling Wing - Wing Exercise Evaluation Team Chief**

*RAF Mildenhall, England*

*07/2010 - 10/2011*
